EUROPEAN MASTERS IN AESTHETIC & ANTI-AGING MEDICINE

EMAA

CONFERENCE BOOK

Dear Colleague,

For its 6th year, the European Masters in Aesthetic and Anti-Aging Medicine (EMAA) is the "start of season" most important international meeting in Aesthetic and Anti-Aging Medicine, where physicians will obtain the answers they seek thanks to the very Practical format proposed in this congress and the quality of the program presented by European and international experts.

This progressive multidisciplinary meeting is designed to bring an update on aesthetic and anti-aging treatments, products and new technologies in a very practical and interactive format that will provide an unparalleled weekend educational experience. It includes hottest new procedures, training sessions, live demonstrations workshops, run by a world class faculty of opinion leaders in anti-aging medicine, aesthetic dermatology and surgery.

The EMAA aims to be a very PRACTICAL congress where each lecture effectively corresponds to an application in your daily practice.

Considering the increasing demand of the public, an important feature of the EMAA this year will reside in providing an important part to educational sessions for an effective and SAFE anti-aging medicine. This, in view to offer the right basis for the physician from Aesthetics, General Practice, and from other Specialties, to offer their patients therapies that will aim to prevent aging and pathologies and make people who are already healthy, HEALTHIER.

The same way anti-aging doctors will be able to gain aesthetic practice knowledge from the very complete program of the EMAA.

Our concern is to ensure that both domains could combine their respective knowledge to provide to the patient the best follow up and treatments in "Global Aging Management".

During the coffee breaks and lunches offered on site, you will be able to meet on the large exhibition the top international aesthetic and anti-aging companies presenting their services and products.

More than ever, the Palais des Congrès of Paris, two steps away from the Champs Elysées, is the ideal place for the EMAA 2010. We look forward to your participation and to welcoming you to Paris.

The Organizing Committee

Cher Collègue,

Pour cette 6^{ème} année consécutive, l'EMAA (Masters Européens de Médecine Esthétique et Anti-Age) est le plus important congrès de la rentrée en médecine esthétique et anti-âge. Son format toujours très pratique permettra aux praticiens d'obtenir les réponses qu'ils attendent au travers de présentations interactives présentées par des experts internationaux de renom. Ce congrès multidisciplinaire a pour objectif de présenter les nouveautés et mises à jour du secteur de l'esthétique et de l'anti-âge, d'une manière pratique pour donner à ce week-end éducatif une dimension inégalée.

De plus, le Palais des Congrès de Paris, situé à deux pas des Champs Elysées, est le lieu idéal pour vous accueillir à l'EMAA 2010.

Nous espérons avoir le plaisir de votre participation et vous souhaitons la bienvenue à Paris.

REGISTRATION AND BADGING

• **Morning Session - E2E Advanced Course (optional, see registration form enclosed)**

Our E2e Experts: Dr Azib, Dr Baniguc, Dr Benslimane, Dr Bichet, Dr Berros, Dr Braccini, Dr Buis, Dr Cauchois, Dr Claude, Dr Criollo, Dr Czech, Dr Derhy, Dr Desouches, Dr Hermeziu, Dr Hamann, Dr Ingallina, Dr Garcia, Dr Lecointre, Dr Loreto, Dr Martin, Dr Niforos, Dr Kron, Dr Lefevre-Vilardebo, Dr Martin, Dr Michaud, Dr Mottier, Dr Noel, Dr Padey, Dr Paranque, Dr Paraskevas, Dr Plot, Dr Surlemont, Dr Trévidic.

ENROL IN OUR SEMINAR AND:

1. MASTER OUR TECHNIQUES
2. EARN A CERTIFICATE FROM OUR EXPERT 2 EXPERT SCIENTIFIC ACADEMY
3. RECEIVE MEMBERSHIP TO E2E'S INTERNATIONAL TEAM
4. STAY IN TOUCH WITH OUR EXPERTS
5. TAKE PART IN FUTURE SCIENTIFIC EVENTS

9:00 - 13:00

E2E COURSE - VOLUMETRIC INJECTIONS

Room 241

EDUCATIONAL OBJECTIVE - Advanced level

Improve and increase your scientific knowledge of injections of Botulinum Toxin and Hyaluronic Acid

A unique Expert 2 Expert interactive session with live conferences, scientific films, clinical case reviews, followed by a Q&A session. Our advanced teaching: A unique Expert 2 Expert interactive session with live conferences, scientific films, clinical case reviews and a Q&A session.

9:00 : E2E COURSE, in the conference room (course begins with an introduction to E2E Group and its Experts)

9:00 -11:00 : E2E CONFERENCE AND SCIENTIFIC VIDEOS

Anatomy and Botulinum Toxin: New trends in Anatomy to help you in achieving reliable and reproducible Botulinum Toxin injections for upper and lower face

Volumetric injections and its associated risks to the facial area: The aging process dramatically depletes our facial volume; well managed injections can help restore the much sought after youthful appearance, but anatomical risks are the main drawbacks.

A few simple guidelines to help put you at ease with these types of injections.

11:00 - 11:30

Coffee Break

11:30 - 12:30 ON SCREEN INTERACTIVITY: CLINICAL CASE REVIEWS, PRE AND POST COMBINED TREATMENTS

- Interactive session conducted by our pool of Experts
- Interactive exercise to help you better understand the concept of a "treatment plan"
- Expert library: we take an in-depth look at "before and after" injection cases
- Adverse events: managing an adverse event, and the best way to handle it with your patient

Face - Nose - Lips - Marionette's fold - Hands - Enhancement through the combination of botulinum toxin, HA and mesotherapy

- Body: Breast augmentation under local anaesthesia with Macrolane
- Buttocks: Augmentation under local anaesthesia with Macrolane
- Clinical cases: Interactive "Q & A" session

CONCLUSION

13:00 - 14:00

E2E SMART LUNCHEON - EXPERT VOLUMIZING PRODUCTS

• **Afternoon - EMAA MAIN CONGRESS PROGRAM 14:00 - 18:30**

CONGRESS' GOALS: TO OFFER A PRACTICAL INFORMATION

This congress has been built to be the most practical possible: Each session will offer a precise information with the detail of the treatments or will provide sufficient time to the speaker to show precisely his technique. The ones focused on complications will go straight to the facts offering a clear explanation and the potential solutions.

LES OBJECTIFS DU CONGRÈS : OFFRIR UNE INFORMATION PRATIQUE

Ce congrès a été bâti pour être le plus pratique possible : chaque session offrira des informations précises avec le détail des traitements et donnera le temps suffisant à l'orateur afin de montrer précisément sa technique. Celles basées sur des complications iront directement au fait, offrant une explication claire et les solutions éventuelles.

13:30					
13:30 END OF THE CONGRESS / FIN DU CONGRES					

CONGRESS' GOALS: TO OFFER A PRACTICAL INFORMATION

This congress has been built to be the most practical possible: Each session will offer a precise information with the detail of the treatments or will provide sufficient time to the speaker to show precisely his technique. The ones focussed on complications will go straight to the facts offering a clear explanation and the potential solutions.

INTERNATIONAL ACCREDITATION: 12 CME CREDITS

The EMAA is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS). Please check the website for any further information: www.uems.net. In Europe, this accreditation concerns all the specialists, who should turn to their national authorities in order to validate the CME points in their home European countries. In America, EACCME credits are recognized by the American Medical Association towards the Physician's Recognition Award (PRA). To convert EACCME credit to AMA PRA category 1 credit, contact the AMA through their website: www.ama-assn.org - At the end of the conference, you will receive your Certificate of Attendance (Diploma). Keep it as this is the first step to accreditation!

In Europe: this accreditation concerns all the specialists, who should turn to their national authorities in order to validate the CME points in their home European countries. Please check the website for any further information: www.uems.net **In America:** EACCME credits are recognized by the American Medical Association towards the Physician's Recognition Award (PRA). To convert EACCME credit to AMA PRA category 1 credit, contact the AMA through their website: www.ama-assn.org. **In France:** EMAA is accredited by the Société Française de Chirurgie Plastique, Reconstructrice et Esthétique (SOFCPRE). Reference G2XZGMGM9U. For more information: www.plasticlens.org

ACCREDITATION INTERNATIONALE DE FORMATION MEDICALE CONTINUE : 12 CREDITS FMC

L'EMAA est accrédité par le Conseil Européen d'Accréditation pour la Formation Médicale Continue (EACCME) pour attribuer des crédits de FMC à tous les médecins spécialistes. L'EACCME est une institution de l'Union Européenne Union des Médecins Spécialistes (UEMS). A la fin de la conférence, vous recevrez un Certificat de Participation. Conservez-le, il est indispensable à l'accréditation !

En Europe : cette accréditation concerne tous les spécialistes, qui doivent contacter leur autorité nationale pour valider les points de FMC dans leur pays. Pour plus d'information, visitez le site : www.uems.net **Aux USA :** les crédits EACCME sont reconnus par l'Association Médicale Américaine (AMA) et contribuent au Prix de la Reconnaissance de Médecins (PRA). Pour convertir les crédits EACCME en crédits de catégorie 1 AMA PRA, contacter l'AMA via leur site : www.ama-assn.org **En France :** Pour tous les médecins spécialistes, les crédits européens attribués par l'EACCME sont valables en France au titre de la Formation Médicale Continue. Pour les chirurgiens plasticiens, l'EMAA est labellisé FMC-College par la Société Française de Chirurgie Plastique, Reconstructrice et Esthétique (SOFCPRE), sous le numéro de référence G2XZGMGM9U. Les membres du college peuvent signaler leur inscription à cet enseignement sur le site www.plasticlens.org, et le valider afin d'obtenir les points FMC correspondants.

8:00 - 14:00

REGISTRATION & BADGING

E2E EXPERT ADVANCED COURSE AND LUNCHEON WORKSHOP*

9:00 - 13:00

WE INVITE YOU TO TAKE PART IN THE E2E COURSE ON
 FRIDAY SEPTEMBER 15TH 2010, FROM 9:00 TO 13:00
 THE COURSE WILL BE FOLLOWED BY THE
 E2E SMART LUNCHEON - EXPERT VOLUMIZING PRODUCTS
 FROM 13:00 TO 14:00

*To attend the E2E session and lunch, it is necessary to register to
 "EMAA PASS 2" or "3" - See in Registration Form enclosed

E2E COURSE - VOLUMETRIC INJECTIONS

- Local and regional anesthesia / Anesthésie locale et régionale
 - Anatomy and facial risk / Le risque anatomique et facial
- 10:30 - 11:00 COFFEE BREAK
- Volumizing products / Produits volumateurs
 - Injections techniques / Techniques d'injection
 - Managing complications / Gestion des complications

LIPOPLASTY SYMPOSIUM

ROOM 241

14:00

PRACTICAL BOTULINUM TOXIN - THEORETICAL PART 1
TOXINE BOTULINIQUE EN PRATIQUE - THÉORIE

Chair: PIERRE ANDRÉ, LAKDHAR BELHAOUARI

- Emotions and the role of facial expression / Les émotions et le rôle des expressions faciales
KOENRAAD DE BOULLE, BELGIUM
- Evidence based real advantages using Dysport/Azzalure?
Quels réels avantages basés sur la science et la pratique à utiliser Dysport/Azzalure ?
ANDY PICKETT, UK
- What does Xeomin/BoCouture bring new compared to Vistabel and Azzalure? / Que va apporter de nouveau Xeomin/BoCouture comparé à Botox/Vistabel et Dysport/Azzalure?
JÜRGEN FREVERT, GERMANY
- New data on Botulinum Toxin
Nouvelles données sur la Toxine Botulinique
SPEAKER TBA

THE EXPERTS ON THE STAGE - LIVE DEMONSTRATIONS PART 2
LES EXPERTS SUR LA SCÈNE - DEMONSTRATIONS EN DIRECTTANJA FISCHER, GERMANY - HERVÉ RASPALDO, FRANCE
WELF PRAGER, GERMANY

16:00

FAT AESTHETIC TREATMENTS PART 1
TRUTH AND UNTRUTH LIPOLYSIS: WHERE DO WE STAND IN 2010?TRAITEMENTS ESTHÉTIQUES DE LA GRAISSE : VÉRITÉ ET MENSONGE
LIPOLYSE : OÙ EN SOMMES-NOUS EN 2010 ?

Chair: GUSTAVO LEIBASCHOFF, PHILIPPE BLANCHEMAISON

- Physiopathology of fat: Endocrine activity of fat cells, immunity, cytokines, persistent organic pollutants (POP's) / Physiopathologie de la graisse : Activités endocrines de l'adipocyte, immunité, polluants organiques persistants (POP's)
MAX LAFONTAN, FRANCE
- Human adipose tissue biology questions: Balancing hopes and hypes about the future of stromal cells and stem cells from human adipose tissue / Biologie tissulaire adipeuse humaine : espoirs raisonnés et frénésies sur l'avenir des cellules stromales et des cellules souches
DANIELE LACASA, FRANCE
- What happens to adipose cells after lipolysis/adipocyte lysis? / What is the body regulation after lipolysis/adipocyte lysis? / Qu'arrive-t-il à l'adipocyte après lipolyse/lyse des adipocytes? Quelle est la régulation corporelle après lipolyse/lyse des adipocytes?
MAX LAFONTAN, FRANCE
- Hormonal therapies that may reduce the localized fat and cellulite - What to check before lipolysis or fat reduction? / Les traitements hormonaux qui peuvent réduire la graisse localisée et la cellulite. Quelles analyses avant une lipolyse ou une réduction graisseuse ?
CLAUDE DALLE, FRANCE
- What is the difference between lipolytic and lipoclastic treatments? Quelle différence entre la lipolyse et l'adipocytolyse ?
GUSTAVO LEIBASCHOFF, USA

16:00 - 16:30

COFFEE BREAK IN THE EXHIBIT HALL

16:30

CUTTING EDGE LED PHOTOTHERAPY: WHAT'S NEW ON THE HORIZON?

APPLICATIONS PRATIQUES DES LEDS : QUE DESSINE L'AVENIR ?

Chair: MICHÈLE PELLETIER-AOUIZERATE, MICHEL RIGOULET

- Mitochondrions: Small vital organites full of resources
Les mitochondries : de petits organites vitaux pleins de ressources
MICHEL RIGOULET, FRANCE
- Facial skin tumors: Treatment optimization by PDT and LED
Tumeurs cutanées de la face : optimisation du traitement par PDT / LED
MOSHEN ALIREZAI, FRANCE
- Wound healing - From Scars to stretch marks: Leds ? a story of colors
La cicatrisation : "Des cicatrices aux vergetures" - les LEDs ? une histoire de couleurs
MICHÈLE PELLETIER-AOUIZERATE, FRANCE
- LEDs aesthetic indications: Rejuvenation and hair re-growth
Indications esthétiques des LEDs : Rajeunissement et repousse des cheveux
DORIS DAY, USA
- LEDs: The useful partner of the aggressive aesthetic treatments
Les LEDs : le partenaire utile des traitements esthétiques agressifs
 1. Phenol and LEDs / Phénol et LEDs
JEAN-LUC VIGNERON, FRANCE
 2. Dynamic peels / Peeling dynamiques
LINDA FOUQUE-PARACHINI, FRANCE
 3. Fractional CO2 and LEDs / CO2 fractionnels et LEDs
MICHÈLE PELLETIER-AOUIZERATE, FRANCE

18:30

THE GREAT QUESTIONS IN AESTHETIC TREATMENTS OVER THE FAT PART 2
10 MINUTES TO CONVINCING WITH THE GOOD ANSWERSLES GRANDES QUESTIONS SUR LE TRAITEMENT ESTHÉTIQUE DE LA GRAISSE
10 MN POUR CONVAINCRE AVEC LES BONNES RÉPONSES

Chair: GUSTAVO LEIBASCHOFF, MAX LAFONTAN

- Cellulite: Is it a FAT problem? The whole treatment for a good medical and aesthetic result / Cellulite : est-ce un problème de graisse ? Le traitement complet pour un bon résultat médical et esthétique
GUSTAVO LEIBASCHOFF, USA
- Working the injectables for lipolysis? / La lipolyse chimique par injection
PHILIPPE PETIT, FRANCE
- Non invasive ultrasounds: What are the mechanisms and the effects?
Ultrasons non invasifs : quels mécanismes et quelles actions ?
AFSHIN FATEMI, GERMANY
- Radiofrequency: which one to choose? Monopolar, bipolar, tripolar or multipolar? / Radiofréquence : entre monopolaire, bipolaire, tripolaire ou multipolaire, laquelle choisir ?
MARC DIVARIS, FRANCE
- Does Endermologie® have any action? What is the evidence-based action?
Endermologie® : quelle action scientifiquement démontrée ?
MAX LAFONTAN, FRANCE
- Laserlipolysis: What is the best laser wavelength action on the fat tissue?
La lipolyse laser : quelle est la meilleure longueur d'onde pour la meilleure action sur le tissu graisseux ?
CLAUDE GARDE, FRANCE - ERIC PLOT, FRANCE
RICHARD TESSIER, FRANCE
- Why liposculpture is a good treatment for the localized fat?
Pourquoi la liposuction est un bon traitement de la graisse localisée
OLIVIER CLAUDE, FRANCE
